

Limited Energy Apprenticeship Program

www.iecoregon.org | 11481 SW Hall Blvd. Suite 100, Tigard, OR | (503) 598-7789

What is apprenticeship?

Apprenticeship is recognized across the United States as a pathway to a lifelong career, a competitive salary, an education, and advancement within an industry. It is occupational training that combines supervised on-the-job training experience with classroom instruction.

What is the Area I Limited Energy apprenticeship program?

The Area I Limited Energy apprenticeship program is a 2 or 3 year program designed to give students the experience and training necessary to earn the status of **limited energy technician**. It is a combination of classroom instruction at Clackamas Community College in Wilsonville and work experience with approved employers.

Earn while you learn.

Starting pay at

\$14.15—\$15.25 per hour

No experience required!

“IEC apprenticeship has been one of the best decisions my partner and I have ever made...Because of the apprenticeship, we have found our life-long, fulfilling careers.”

Ashlee | LEA First Year Apprentice

Benefits of apprenticeship:

- Paid employment during training
- Credit toward an associate’s degree
- Development of marketable skills
- Pathway to a secure career
- Background to become a lead person, foreman, or supervisor
- Hands-on learning

How much can I earn?

Apprentices begin at half of the average salary of journey workers and receive pay increases as they progress through the program. Entry level apprentices in the Limited Energy program earn **\$14.15 - \$15.25** per hour to start. Licensed limited energy technicians earn on average \$28.30 - \$30.50 per hour—that’s about **\$58,800 - \$63,400** per year! Apprentice generally receive their first raise after 3 months.

This is a public notice from the Area 1 Limited Energy JATC MA #1099, a registered training program with the Oregon Bureau of Labor & Industries. DATE OF NOTICE: **JANUARY 3, 2019**

What do limited energy technicians do?

Limited energy technicians install, troubleshoot, maintain, replace & repair electrical systems under 100 volts. There are two types of limited energy licenses: **Class A** and **Class B**. Both types of licenses allow technicians to install communications systems, specialized control systems, and audio-visual systems. Class A technicians can also install protective signaling systems.

Class B					Class B Program 2 years 4000 on-the-job hours 288 classroom hours
	Class A	TELECOMMUNICATIONS	AUTOMATED CONTROLS	AUDIO-VISUAL	
Class A only					Class A Program 3 years 6000 on-the-job hours 432 classroom hours
	Class A only	ACCESS CONTROLS	FIRE ALARM	CCTV (SECURITY)	

What working conditions can I expect?

Limited energy technicians perform work both indoors and outdoors in a variety of weather conditions. This work involves standing, bending, reaching, and lifting in confined spaces and at heights ranging up to 160+ feet.

Where do limited energy technicians work?

The variety of jobs and work locations is one of the benefits of choosing a career in the limited energy field. Limited energy technicians work at construction sites, schools, hospitals, hotels, restaurants, grocery stores, commercial office buildings, and residential homes.

“The apprenticeship program has provided me with an extra sense of drive when I get up in the morning because I LOVE what I do.”

Brian | Second Year LEA Apprentice

The Area 1 Limited Energy JATC is committed to nondiscrimination in all aspects of the apprenticeship program, and does not discriminate on the basis of race, color, religion, gender, sexual orientation, marital status, age, national origin /ancestry, disability, family relationship or any other protected status.

Individuals of all ethnicities, genders, and backgrounds are encouraged to apply!

Where and when do I attend school?

Classroom instruction - or **related training** - is conducted at Clackamas Community College in Wilsonville, OR. Classes are one evening per week from 6pm to 10pm in the fall, winter, and spring. You may not start school until you are registered in the program as an apprentice.

What costs can I expect?

Related training tuition and books combined cost around \$1350 - \$1450 per year. This cost is the responsibility of the apprentice, although some employers do assist with expenses and scholarships are available annually.

Veterans may use educational benefits while registered in the program.

How do I receive my on-the-job training?

Apprentices work under the direct supervision of licensed limited energy technicians. After you are registered as an apprentice, you will work for an employer who is approved by the limited energy committee to be a **training agent** through the Bureau of Labor & Industries. Training agents have promised to provide on-the-job training and supervision according to approved industry standards.

What hiring criteria might employers have?

- Valid driver’s license & driving record that meets liability insurance carrier requirements
- Pass a background check
- Pre-employment drug screening test
- Access to reliable transportation
- No fear of heights or confined spaces

Where are employers located?

Area 1 employers have offices located in Multnomah, Yamhill, Washington, Clackamas, Wasco, Tillamook, Columbia, Clatsop, and Hood River counties in Oregon and Clark county in Washington. However, you may be required to travel all over Oregon and to other states.

When can employers hire me?

We do not place apprentices with employers. Instead, once you are high enough up on the waiting list, employers may contact you for an interview. Once hired, you will be registered with the state as an apprentice and you can start school.

WHAT IS THE APPLICATION PROCESS?

1) APPLY

Submit an application to our office during an opening period with documentation of min. requirements and other experience.

2) INTERVIEW

Attend a mandatory orientation and interview at the IEC office.

3) SCORE

Your application will be scored based on your interview and documentation.

4) RANK

Based on your score, you will be ranked and placed on a waiting list composed of existing applicants in order of ranking.

All applicants must submit documentation demonstrating that they meet the minimum requirements of the program.

Applicants may include additional materials with their application to receive more points and a higher ranking. For a detailed explanation of our point system, please see page 6. If you don't turn all of your documentation in within the 3-day period that you applied, you will have to wait until the next opening to submit that documentation.

MINIMUM REQUIREMENTS

Must meet to complete application

18 YEARS OLD

At least 17 years old to apply and 18 years old to begin the program.

DIPLOMA or GED

High school diploma, GED, or Associate Degree or higher from an accredited educational institution.

ALGEBRA or PLACEMENT TEST

Completion of one year of high school algebra, Integrated Math II, or equivalent with a grade of "C" or higher or equivalent math placement test scores (Math 65/70 or higher).

ADDITIONAL DOCUMENTATION

Submit the following for more points

EDUCATIONAL EXPERIENCE

- Transcripts, certificates, and degrees from high school, college, military, or trade school

WORK EXPERIENCE

- Letter from employer on company letterhead stating start and end date (points calculated based on months worked), title, and duties
- DD214

Please note that we do not accept resumes for points.

DRIVER'S LICENSE
